SAVE
The Deserving Children
Sustainable Arrangement For Valuable Education

WELCOME TO 'SAVE THE DESERVING CHILDREN'

'SAVE the deserving children' is a non-profit organization with the mission to improve the lives of the less-privileged children, enabling them to realize their hidden potential and enrich their lives through quality education. The name 'SAVE' is abbreviation for 'Sustainable Arrangement for Valuable Education'. We work primarily in the field of education, helping the deserving children to meet their educational expenses. The organization is providing educational facilities to the deserving children at the nearest well reputed institutes. Over the past one and half year, the organization has enrolled the children in different well-recognized institutes in Pakistan. A commitment is made to support each child by providing him/her with a strong educational foundation, ensuring a good future and developing self-esteem. The basic aim of the Organization is to contribute to the establishment of a well-educated, moderate society.

MISSION

To provide educational opportunities to orphan and neglected children so that they may get the basic Education. Purpose behind it is to bring them from the marginalized stream into the mainstream, as Education is the key agent of addressing the root cause of poverty. Our mission is to edify the society through standard education.

VISION

'SAVE the deserving children' takes literacy as main factor behind establishing a peaceful society and also believes that education to the deserving children brings almost a revolutionary change in the set-up of a civilized society.

At the time of organization's creation, it was decided in the first meeting of its General Executive council that 'SAVE the deserving children' will focus on education the universal declaration of child's rights along with other regional standards and characters of education. Therefore the focus agenda of 'SAVE the deserving children' will be provision of:

- > To provide equal education to all the deserving children, without distinction.
- > To eliminate the feeling of inferiority complex among the deserving children.
- > To produce civilized citizens in the country, through standard education.
- > To provide regular education to the socially neglected children and to make them useful member of the society.
- > To eradicate poverty and indigence by means of quality education.
- > To provide the opportunities of education, health and recreation to the children.

WHAT WE DO:

We are providing free education facilities to the deserving children (orphan and neglected). The free services are provided purely on merit. The basic education facilities we provide include school fee, admission fee, uniform & shoes, books & stationery, traveling, health and at least two extracurricular programmes in an academic year. This educational support depends upon the progress of the students in the final exams at the end of the year. The facilities are provided to the children of age limit 3 to 16 years. Our psychologists create awareness and generate confidence among the students.

WHY WE DO IT:

Ours is a developing society with alarming population growth rate. A vast majority of people live below the poverty line and they feel it difficult to make both ends meet. The education of children is not the first priority of most of our people. The conditions become still worse when either of the parents passes away. The children are then neglected and no special effort is made by the guardian or widows for their education. Hence, we fail to produce useful members of the society, which results in the horrible increase in antisocial elements among the young generation. We are here in form of an organization **SAVE dc** to contribute our part to the establishment of a peaceful and moderate society by providing the basic education and creating awareness among the young orphan and neglected children.

Criteria for selection of Deserving children

The organization takes the responsibility of Deserving children after receiving the application on the basis of 'wherever and whose owner they are'. A Request form is filled by the mother/guardian of the child and the necessary assessment has been done by the organization's appointed person and in the last the authorized committee decides to take the educational responsibility of Deserving orphan children whether the applicant is Deserving or not.
